

**ENGINEERING  
SERVICES  
LIMITED**

[www.oyisengineering.com](http://www.oyisengineering.com)

**OYIS ENGINEERING SERVICES LTD (OESL)** is an indigenous company providing specialized Engineering and related services in the Oil and Gas Industry and other sector of Nigeria economy.

**OYIS ENGINEERING SERVICES LTD (OESL)** capabilities in these core business areas have helped support the onshore and offshore oil industry by bringing together employees and technical expertise in related fields from across the world.

The core business strategy remains to continue providing these same services while retaining and expanding the company's share of the market and to fully integrate its existing services to other parts of the world.

# OUR MISSION

Our primary focus is to provide high quality services in Engineering, Water treatment, Environmental and other related services spanning the full scope of the company's diverse services in a safe, efficient, cost-effective and environmentally friendly manner. Above all, to perform its services to the highest level of professionalism and to the satisfaction of the clients.

# OUR VISION

To be the largest Nigerian Company providing project management, Engineering, Safety and Environmental services to the Nigerian Oil and Gas Industry with an enviable track record, especially in maximizing and boasting local content.

# WE VALUE

Honesty and Integrity  
Commitment to Safety  
Business Ethics  
Customer Centric

# OUR OBJECTIVES

The primary objective of OESL is to provide state of the art engineering service as a contribution towards the accelerated development of the Oil and Gas Sector on an international scale.

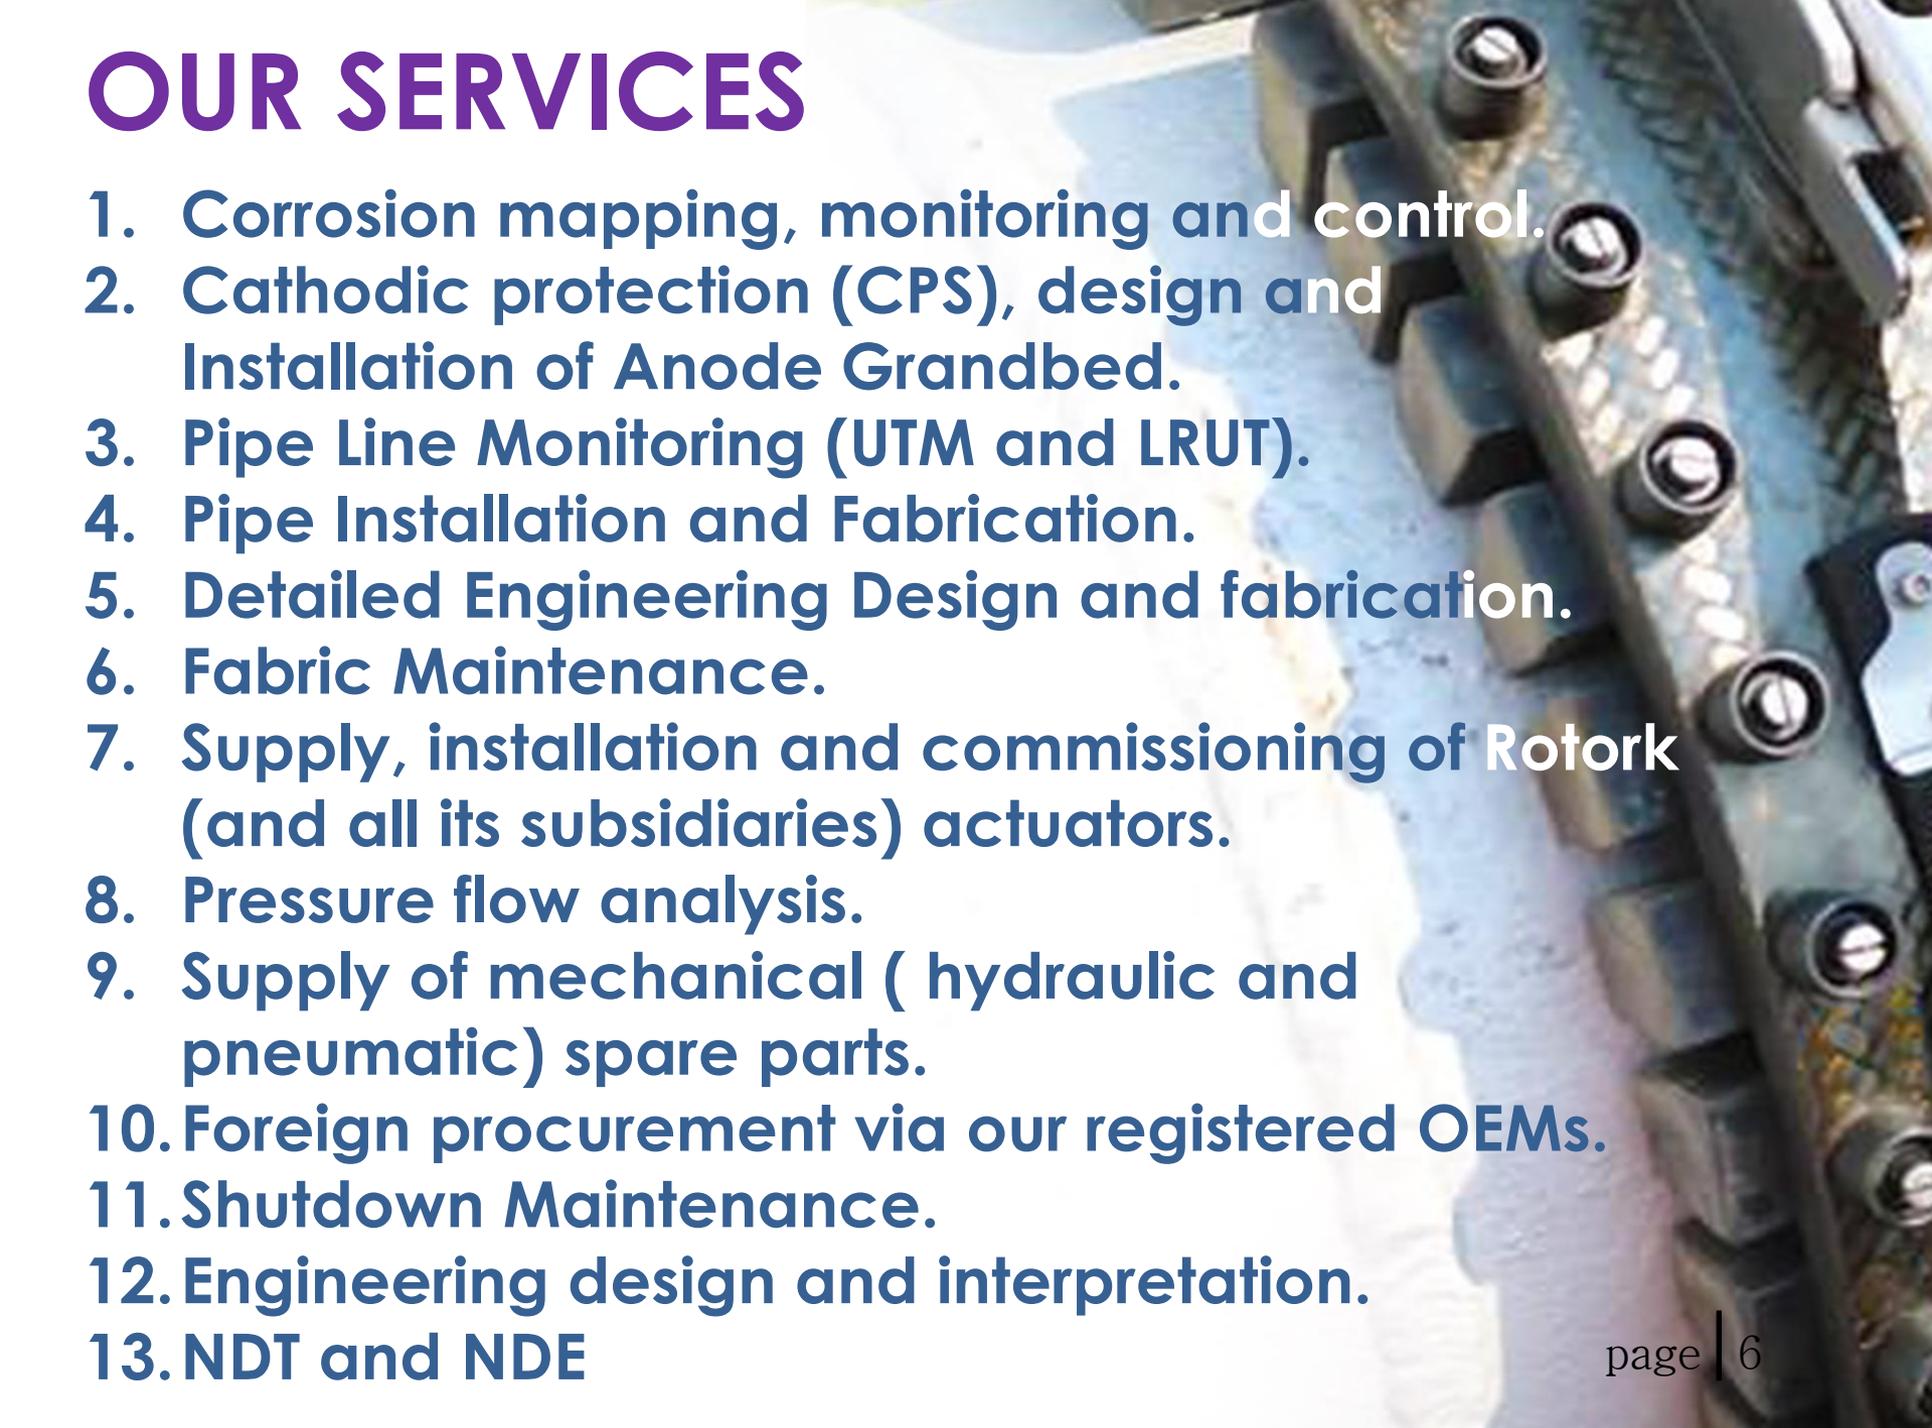

However, the company also has as one of its principal objectives, the provision of indigenous components into its engineering service and practice which can come from local knowledge and experience, lack of which courts disaster and failure.

**QUALITY**

**INNOVATION**

**EXCELLENCE**

# OUR SERVICES

1. Corrosion mapping, monitoring and control.
2. Cathodic protection (CPS), design and Installation of Anode Grandbed.
3. Pipe Line Monitoring (UTM and LRUT).
4. Pipe Installation and Fabrication.
5. Detailed Engineering Design and fabrication.
6. Fabric Maintenance.
7. Supply, installation and commissioning of Rotork (and all its subsidiaries) actuators.
8. Pressure flow analysis.
9. Supply of mechanical ( hydraulic and pneumatic) spare parts.
10. Foreign procurement via our registered OEMs.
11. Shutdown Maintenance.
12. Engineering design and interpretation.
13. NDT and NDE

# OUR SUPPORT SERVICES

1. Equipment Leasing
2. Training of technical staff.
3. Supply and management of technical staff.
4. Operations optimization.
5. Architecture (Design).
6. Project Management – Six Sigma.
7. Supply of labour.
8. Design of machine parts.
9. Argon Welding
10. Material Science.

# OUR PARTNERS

and more...

# OUR TRACK RECORD

## Corrosion Control at NAOC Brass Terminal

### Scope of Work

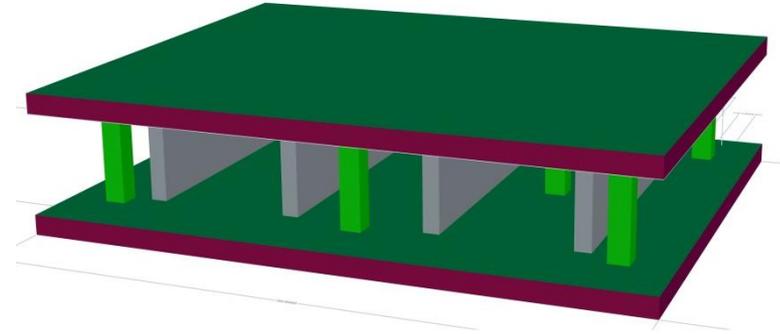

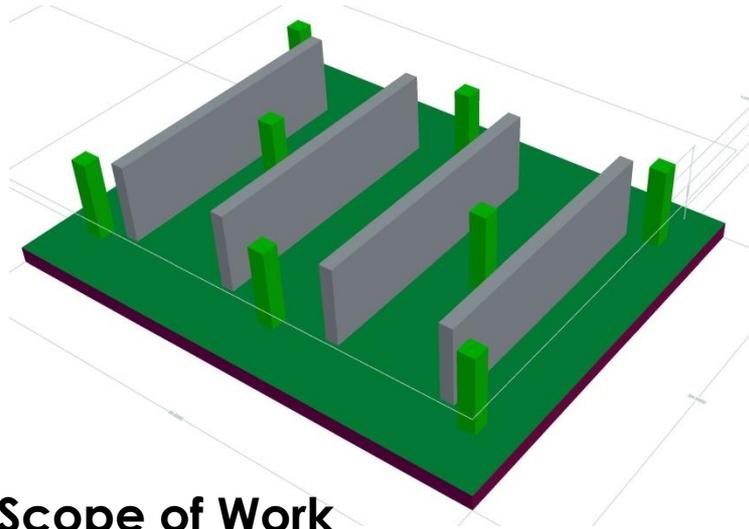

1. Containment of sensitive equipment
2. Power brushing of Corroded lines and components

3. Washing and Surface preparation
4. Priming of surface area and intermediate coat
5. Final Coating

# OUR TRACK RECORD

## Design and Fabrication of Tank Stand in Kwale Gas Plant

### Scope of Work

1. Design of P&ID and Structural analysis
2. Excavation of foundation
3. Casting of foundation
4. Installation of Grating
5. Casting of 5" by 1" Beam
6. Installation of 10,000 Liters PVC Storage tank
7. Connection of distribution lines

# OUR TRACK RECORD

Installation of Rotork Controls Ltd  
8 " Manual Gear Box  
AB6800N/SP4

Scope of Work

1. Supply of Rotork Controls Ltd  
8 " Manual Gear Box AB6800N/SP4.

2. Installation of Rotork Controls Ltd  
8 " Manual Gear Box (with FlyWheel)  
AB6800N/SP4.
3. Supply and Installation of suitable  
Connecting Hub.
4. Supply and Intallation of Fly Wheel.

# OUR TRACK RECORD

## Long Range Ultrasonic Testing (LRUT) On Trunk Line In Respect Of Oki-Oziengbe Unit Area

### Scope of Work

1. Conduct site visit for pipeline and terrain survey on the entire trunk line particularly TP7 to TP15. (Optional)
2. Submission of site visit report clearly stating methodology and results to be expected by LRUT.

3. Plan to inject a dye in order to identify the leak points along the trunk line.
4. Submission of detailed project schedule, resources and contractor's experience.
5. Conduct LRUT on pipeline from TP7 to TP15.

# OUR TRACK RECORD

## Corrosion Control at Ob Ob Gas Plant

### Scope of Work

1. Containment of sensitive equipment
2. Power brushing of Corroded lines and components
3. Washing and Surface preparation
4. Priming of surface area and intermediate coat
5. Final Coating

# OUR TRACK RECORD

**The Installation And Commissioning Of  
Rotork Controls Ltd Pneumatic Actuator With  
Manual Over Ride GP-130C-485A/O2D At  
Agbara Production Platform**

## **Scope of Work**

1. Supply of Rotork Controls Ltd  
Pneumatic Actuator GP-130C-485A/O2D.
2. Installation of Rotork Controls Ltd  
Pneumatic Actuator GP-130C-485A/O2D.

# OUR TRACK RECORD

## The Grit Blasting and Painting of The Air Tank Floor Area of Agbara Production Platform

### Scope of Work

1. Analysis of deterioration level and rate.
2. Blasting of Air Tank Floor Area.
3. Painting of Air Tank Floor Area.

4. Determination of Corrosion Control Measures.

# OUR TRACK RECORD

**Ultrasonic Testing Measurement (UTM) On Trunk Line For Enageed Resources Limited (ERL) A Subsidiary Of Sahara Group**

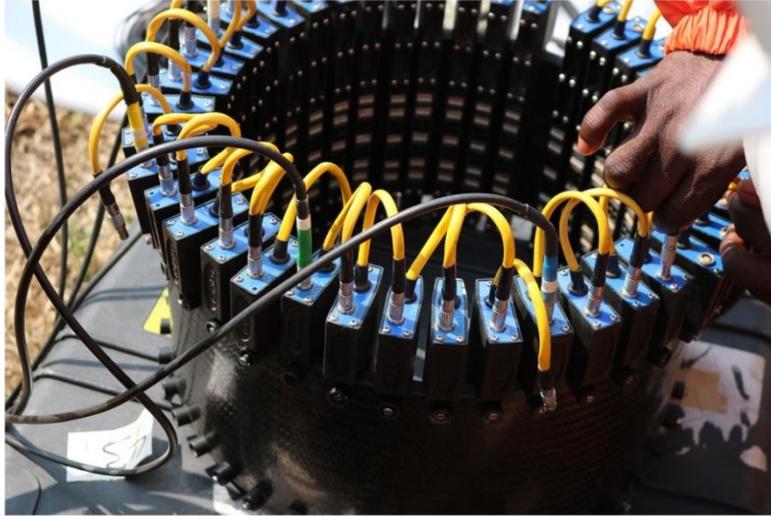

## **Scope of Work**

1. Site survey and Reporting.
2. Long Range Ultrasonic Testing (LRUT).
3. Data collection and processing.

4. Fitness for Service Analysis and Risk Based Inspection.

# OUR TRACK RECORD

**Long Range Ultrasonic Testing Measurement (LRUTM) On OML 61 P/L For NAOC**

## **Scope of Work**

1. Site survey and Reporting.
2. Long Range Ultrasonic Testing (LRUT).
3. Data collection and processing.

4. Fitness for Service Analysis and Risk Based Inspection.

# OUR TRACK RECORD

## Set Up of Full Water Treatment Plant in Beniboye Plant For NAOC

### Scope of Work

1. Site survey and Soil Analysis.
2. Set Up of Water Puroification Plant.
3. Supply of Chemicals for Recharging and Chlorination.

4. Testing of Portable Water.

# OUR TRACK RECORD

## Set Up of Full Water Treatment Plant in Akri and Oshe Plant For NAOC

### Scope of Work

1. Site survey and Soil Analysis.
2. Set Up of Water Puroification Plant.
3. Supply of Chemicals for Recharging and Chlorination.

4. Testing of Portable Water.

Client/Location	Project	Date/Contact Person/Value
NAOC	EXTERNAL ANTI- CORROSION COATING OF LAR	Sep 15, 2021 - Sep 14, 2023 Contract Manager Name: De Gregorio Basso
NAOC	EXTERNAL ANTI- CORROSION COATING OF SAR	Sep 1, 2020 - Aug 31, 2022 Contract Manager Name: Savioli Lorenzo
NAOC	OPERATION & MAINTENANCE OF PORTABLE WATER TREATMENT LAR (JV)	May 20, 2021 - May 19, 2022 Contract Manager Name: De Gregorio Basso
NAOC	OPERATION & MAINTENANCE OF PORTABLE WATER TREATMENT LAR (UNITIZED)	May 20, 2021 - May 19, 2022 Contract Manager Name: De Gregorio Basso
NAOC	OPERATION & MAINTENANCE OF PORTABLE WATER TREATMENT SAR (UNITIZED)	May 20, 2021 - May 19, 2022 Contract Manager Name: De Gregorio Basso
NAOC	OPERATION & MAINTENANCE OF PORTABLE WATER TREATMENT SAR (JV)	May 20, 2021 - May 19, 2022 Contract Manager Name: De Gregorio Basso
BIDEL	RENEWAL OF OPL OF OGINIGBA REDEMPTION ROAD PIPELINE (4" NBC LINE	August 2021 Procurement Manager
SAHARA GROUP	Offshore Long Range Ultrasonic Testing (LRUT) On Trunk Line	September 2020 Project Engineer: Emilomo Arorote
TOTAL	PROCUREMENT OF AUTOMATIC CIGARETTE LIGHTERS, WALL MOUNTED UNIT	8TH FEB 2018
TOTAL	PROCUREMENT OF AUTOMATIC CIGARETTE LIGHTERS, WALL MOUNTED UNIT	12TH FEB 2018
NAOC	Design, install & commissioning anode ground bed for swamp area	January 2018 ongoing.
